DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Kanemitsu et al. (US 5,400,568).

Kanemitsu et al. disclose an apparatus for making and filling a bag comprising a pair of thermal rolls 18 with annular projections for embossing a wavelike or zig-zag shape upon the bag material 29 passing underneath; see figures 4 and 8. The rolls 18 also produce strippable seal 63 which extends through side seals; see figures 9 and 17.

Conclusion

- The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
